# We Protect People.

## Something About Us

At MCR Safety, we have been innovators in the manufacture and supply of safety gloves and eyewear for well over 60 years. Proud of our rich heritage, MCR Safety is a global provider of Personal Protection Equipment (PPE), having offices in the UK, USA, Africa and Asia.

Our products are not just designed for protection, they are built to look and feel great. Providing you with the reassurance that we know you require from all PPE products. Whatever your working environment, our technologies and product knowledge will give you confidence no matter what challenges occur.

Working closely with all of our partners, whether its locally, nationally or globally we will help you implement the most appropriate PPE solutions for your specific working environments. For us, it is not just about supplying you with a product, it is the supporting services that enrich your experience as a true partner of MCR Safety.

# Understand Our Glove Shell

## Part Code & Size

## Shell

- ✓ Gloves are grouped based on the material e.g. GP1002 = Polyester
- ✓ Gauge defines the thickness. Higher the number thinner the glove
- ✓ Fibres offer different features and benefits

## Shell Type & Coating

## CE Markings

- ✓ All gloves are CE certified
- ✓ Markings outlines the glove performance

Please visit our website for detailed information about CE standards

## Hem Colour

- ✓ Different colour for different size

Glove Size	Colour Ref
06 / XS	Black
07 / S	Yellow
08 / M	Blue
09 / L	White
10 / XL	Green
11 / XXL	Red

# Scan Unique QR Code For Full Specification.

## Inner Label QR Code

- ✓ View full product specification
- ✓ Download specification
- ✓ View & download CE Documentation

## Understanding DSE Regulations & How Our Plan Works.

As part of the Health and Safety (DSE) regulations 1992, it is down to you the employer to ensure the comfort of vision for your employees when using a Display Screen Equipment i.e. computer screen. This includes the employer covering the cost of the sight test.

Our one simple price to control your spend.

With participating opticians,

- Its **one** price
- This covers sight test, MCR frame and lenses
- Your employee has the option to \*upgrade to any frame and lenses in the opticians store.

You always pay one price regardless of whether the employee has

- Sight Test Only
- Sight Test + MCR Safety DSE spectacles
- Sight Test + \*Upgrades to opticians frame with lenses.

## EyeTicket Only

\* When the employee upgrades to an opticians frame and lenses, the employee will pay the optician directly for the spectacles. Participating optician will provide a discount (Usually 20%) for the upgrade in store. Boots Opticians will give £20 off when employee upgrades to a frame over £90. These discounts are not controlled by MCR Safety and can be changed without notice. Please check in store for details. UK based opticians only.
