EYEWEAR SOLUTION

ONLINE / ON+SIGHT / OPTICIAN

FEARLESS INNOVATION

THE COMPLETE PRESCRIPTION SAFETY EYEWEAR **SOLUTION**

Riley RX is an innovative eyewear solution incorporating advanced safety eyewear and VDU spectacles along with innovative prescription services.

The Riley Prescription Service is a convenient and efficient way to obtain your teams prescription eyewear.

It is the ideal solution for Health and Safety Managers, HR and Occupational Health to manage the prescription eyewear requirements of the whole business. It is easy to use and provides full tracability.

- + Upload an existing or new prescription in seconds
 - + Receive the chosen glasses in 7-10 days from the Riley UK laboratory
 - + A full transparent tracking service from start to finish
 - + Invoiced by your usual PPE Supplier
-

All our prescription glasses are made in our UK manufacturing facility.

EASY. FAST. ACCURATE.

RX Connect is a unique secure portal to upload prescriptions and trace your order up until delivery

Key benefits of using the Riley **ONLINE Prescription service:**

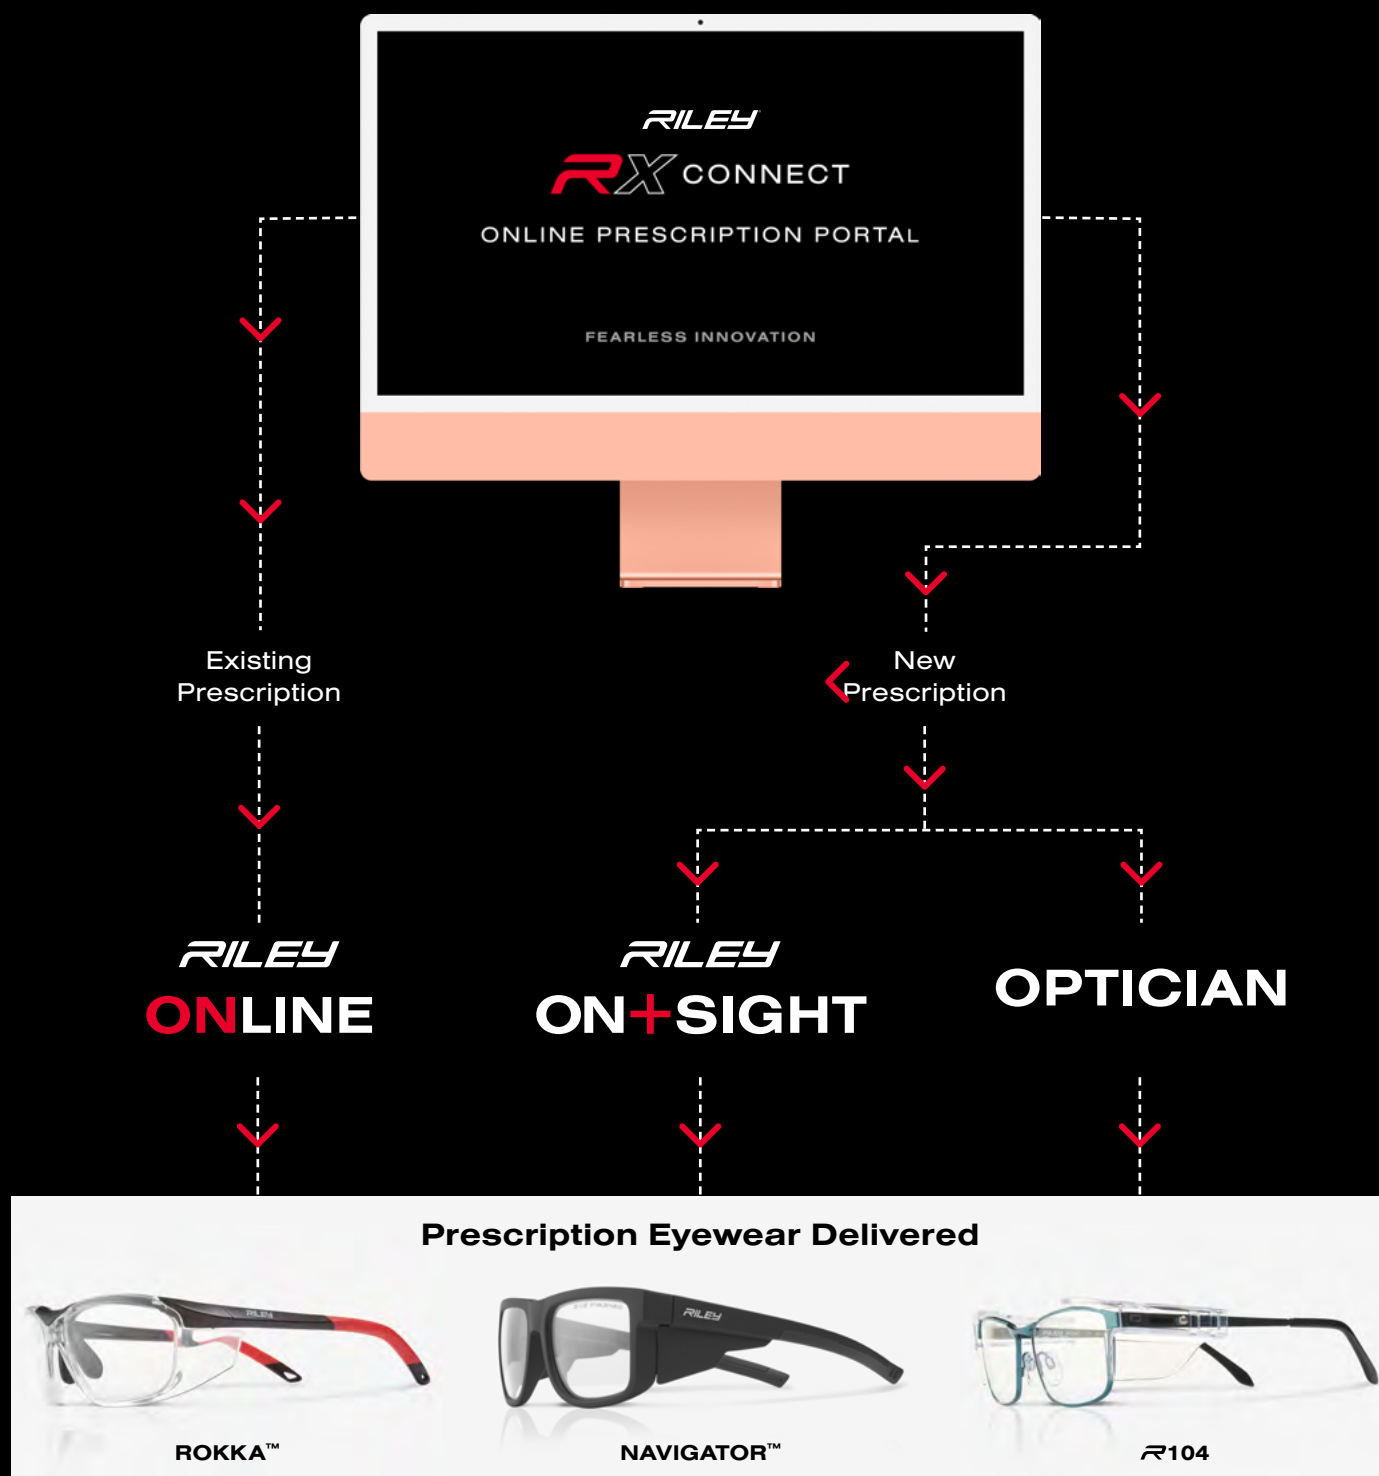

- + Simple user friendly process
- + Full order transparency & traceability
- + Variety of frames available to choose from
- + New paperless text messaging systems. No vouchers, no forms, no fuss
- + Order directly online

THERE ARE **3** WAYS TO OBTAIN YOUR
PRESCRIPTION GLASSES EASILY AND QUICKLY

RILEY[®] ONLINE

THE EFFICIENT, UNIQUE PRESCRIPTION SERVICE

Upload your prescription and receive your glasses. An easy, simple, fast solution to high-quality prescription eyewear for your team.

**RILEY ONLINE SERVICE OFFERS A SIGNIFICANT
COST SAVING IN DISPENSING FEES**

UP TO **£30** PER
PERSON

(compared to visiting an optician)

We bring the optician and eyewear directly to you!

A simple and efficient way to manage your employee eye-care needs on your premises at your convenience.

Our qualified optical professionals visit your premises and conduct eye health checks and sight tests as part of a managed eye-care programme.

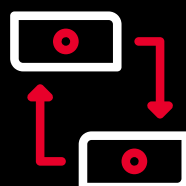

- + Reduces time off site for opticians visits for employees
- + Utilises the unique Riley Online Portal, RX Connect
- + Variety of frames available
- + Dispensing only consultations are available to employees with a valid prescription

THE BENEFITS OF ON+SIGHT

UP TO
£400
SAVING PER
20 PEOPLE‡

**TRANSACTIONAL
SAVING –
ONE ORDER,
ONE INVOICE**

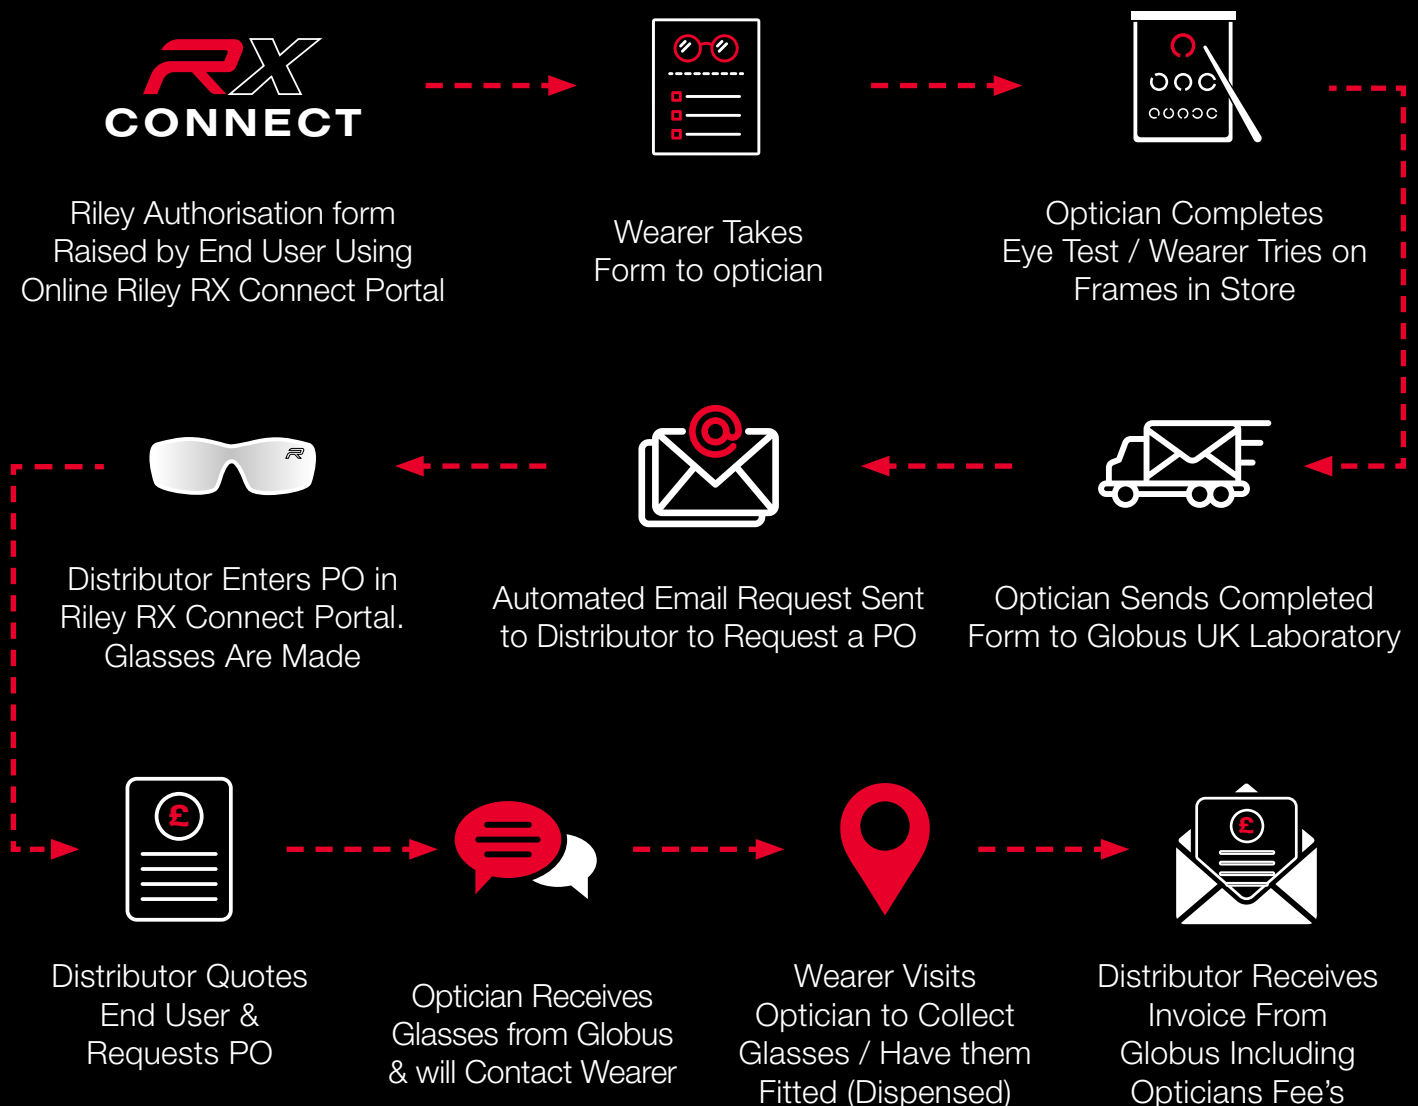

(*based on 20 people having a sight test and bifocal/Varifocal glasses)

*for dispense only consultation

OPTICIAN & **RX** CONNECT

Requires an initial visit to the optician and the optician to be trained on the Riley RX Connect Portal.

- + HR/Health and Safety manager to raise order form on the Riley RX Connect Portal
- + Employees visit an optician of their choice
- + Employee has an eye test (if required) and selects a suitable frame in store
- + Track progress via Riley RX Connect Portal
- + Eyewear manufactured and dispatched within 10 days
- + Collect glasses from optician when available

VDU
COLLECTION

OL002

Wearers get great fitting eyewear which not only protects from hazards, but enables them to wear prescription lenses without having to wear an additional safety goggle over the top.

Four lens options are also available CR39, Trivex, glass and VISION EASE® impact and scratch resistant polycarbonate lenses with a complete range of lens types including single-vision, bifocal and varifocal.

Bifocal and varifocal options are created using state-of-the-art Digital Inner Surface

Technology, which compared to traditional production methods, results in enhanced vision clarity and wearer comfort.

Owning a UK-based manufacturing and service facility means we are in total control of the prescription eyewear process and can ensure your business needs are met fully, quickly and efficiently.

All Riley® RX lenses are expertly manufactured in-house by highly experienced optical technicians in facilities certified to ISO 9001.

Our Safety Prescription Glasses

- + Polycarbonate as standard. Our lenses are 10 times more impact resistant than plastic or glass lenses (EN166 - Grade F)
- + Increased range of +/- 12.00 on R104 & R106 frames. Only available in CR39 & polycarbonate
- + Class 1 optical quality
- + 98% protection from the sun's harmful UV rays

Our VDU (Non-safety) range of eyewear

- + Three lens options available: Single Vision, Bifocal or Varifocal & CR39
- + All manufactured in our award winning UK laboratory

All our prescription glasses are made in our UK manufacturing facility.

SPORT COLLECTION

CYPHER™

The innovative and stylish Cypher™ is now available in an RX frame providing a complete solution across plano and prescription. The sleek 9 base frame with soft co-injected temples offers high design, maximum comfort and functionality to the wearer. A first-to-market eyewear solution, with a sports wraparound frame.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-8.00	56mm	18mm	130mm	Clear

CLEAR FRAME

GREY FRAME

NAVIGATOR™

The unique 4-base curve design combines classic contemporary sunglass styling with full safety features, allowing workers to experience retail design with protection in the workplace.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-8.00	54mm	18mm	135mm	Clear

ROKKA™

Combining an in-demand lens shape with a contemporary crystal frame and an adjustable nose bridge, Rokka™ matches a personalised fit with uncompromising style.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-6.00	59mm	17mm	135mm	Clear

RED/BLACK

RED/BLACK

BLUE/BLACK

GREEN/BLACK

GREY/BLACK

SCRIPT™

The sports-style design of Script™ will appeal to a wide selection of your workforce. Script™ sits snugly to the side of the face and the protection offered from the deep side arms means no separate side guard is needed for those requiring a prescription lens version.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-4.00	60mm	18mm	130mm	Clear

Seven sports-style designs are available with clear polycarbonate lenses as standard and provide a comfortable fit.

SWARM™

Offering a unique wrap around design with a protective browguard, Swarm™ is ideal for environments prone to dust or water droplets. Available in two variants, both offer a complete protective browguard with replacement available for the blue waterproof foam option. The soft TPR nose pads and dual injected temples provide premium comfort to the wearer.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-6.00	59mm	18mm	130mm	Clear

BLUE/BLACK

GREY/BLACK

SIVION™

Manufactured with co-injected, aero vent non-slip temples, Sivion™ safety glasses provide the wearer with enhanced comfort and lateral protection for prolonged wear.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-4.00	60mm	18mm	130mm	Clear

VELIA™ OPTICAL INSERT

Velia™ is a safety goggle featuring an ophthalmic adapter for prescription lenses. The clear polycarbonate wraparound lens offers 180° field of vision. The pivoting head strap and soft, padded seal allows for a comfortable fit.

Prescription strength	Lens (eyesize)	Nose piece	Temple Length	Lens
+/-8.00	50mm	NA	NA	Clear

Lens Materials	Detail
Polycarbonate	Impact grade F. High impact protection, 1.59 refractive index, thinnest and lightest lens material, average 20-25% thinner than other lenses.
CR39	Impact grade S, good scratch resistance, 1.49 index, good optical quality.
Trivex	Impact grade F, high impact protection, 1.53 index, more resistant to chemicals than Polycarbonate.
Toughened Glass	Impact grade S, scratch resistant but heaviest material than other lens types.
